

**Public Service Announcement
For Immediate Release**

One Person in Ten has Learning Disabilities*

Calgary, Alberta, Canada ... Calgary is a world leader in the field of education and research for learning disabilities and ADHD. As a model of excellence for many, the Foothills Academy Society, Calgary's premiere educational facility, is hosting their first-ever World Summit in Lake Louise, Alberta from April 14th through 16th, 2008.

Experts in fields such as psychology, medicine, government, research, education, justice, corporate and consumers, will debate and explore positions about learning disabilities – are they fact or fiction?

Who: Foothills Academy Society

What: World Summit 2008

When: April 14, 15 and 16, 2008

Where: Lake Louise, Alberta, Canada

Why: Opportunity to share information, debate issues and explore solutions

How: www.foothillsacademyworldsummit.ca

There are only 250 registrations available for this international gathering. Register for the World Summit by February 29th, 2008 and be entered to win one of two early bird draws for complimentary Summit registrations, (a \$849.00 value each). If you have an opinion, voice, or interest in the study, work, play and lives of those with learning disabilities and/or ADHD, sign up today!
